Meat Bent to Gouverneur Hospital Undergoing Inspection.

Biggs, the pacteriologist of the Board of Health, is at work to-day on imens of beef, one of which sent from Gouverneur Hospital and the other from a carcass seized and condemned by Meat Inspector Bryce lars, in the slaughter-house of Charles McDonald, at Forty-fourth street and

the East River, yesterday afternoon. The specimen from Gouverneur came from the market of David P. Arnold, 214 East Ninth street, who has the contract for furnishing meat to Bellevue and its several tributary hospitals. No letter of explanation accompanied the meat, and the person who delivered it at the aboratory merely stated that he had been directed to leave it with Dr. Biggs for examination.

At the hospital this morning it was stated that the meat was unfit for use, and that it had probably been placed in the Gouverneur Hospital order by mistake. The house surgeon, however, thought it obligatory upon him to send the meat to the Board of Health for examination.

Dr. Patterson, assistant to the Board of Dr. Dieses the market of David P. Arnold,

Dr. Patterson, assistant to Dr. Biggs,

Dr. Patterson, assistant to Dr. Biggs, stated that the meat was unwholesome and in the earlier stages of putrefaction. He thought it would be dangerous to eat t and will so report to the Board of Health, which will, in all probability, demand an explanation of Mr. Arnoid.

The other specimen was from a cow that was killed yesterday and quartered preparatory to selling it to east-side butchers. Inspector Mars arrived at the slaughter-house just in time to prevent this and carted every particle, excepting the piece to be examined, to the offal dump.

In his report to Acting Chief Chemist r. Lederle this morning Inspector Mars In his report to Acting Chief Chemist Dr. Lederle this morning Inspector Mars states that the cow was undoubtedly afflicted with tuberculosis. It was purchased alive Monday by Mr. McDonaid in the New Jersey stock yards from a Mr. McPherson, a commission dealer, and had come from the farm of J. Knapp, in Sugar Loaf, Orange County, N. J.

Inasmuch as east side butchers have made a practice of buying beef on the hoof in the New Jersey stock yards, and as many have thus been supplied from Orange County, President Wilson, Sanitary Supt. Dr. Roberts and Dr. Lede-le nave arrived at the joint concussion, that stock from that section hereafter coming to the city, shall be subjected to a most rigid examination.

Policemen Robert A. Johnson, Michael Garvey, Nathaniel G. Grosky and John F. Tinker, of the East One Hundred and Fourth street station, were placed on trial before Commissioner Shechan today on charges of brutal conduct and making arrests without authority or justification.
